

# RANGEFORCE CYBER SIEGE SPONSORED BY BARCLAYS

Join us at Barclays RISE for a unique cyber siege event that will challenge and enhance your cyber security defence skills. This event will provide participants with a hands-on environment of a cyber attack where defensive techniques can be practiced. Participants can evaluate their skills and benchmark themselves against others.

## TARGET GROUP

Attendance is open for all professionals working within SOC, DevOps, and Application Security roles. Please note that capacity is limited to 50 individual participants. All attendee information and competition results will be kept strictly confidential.

## SCOPE

The Cyber Siege is one day of immersive cyber challenges for security and IT professionals that focuses on cyber defence. It's a fast-paced, competitive and fun event that delivers the value necessary for effective cyber readiness. Key areas of focus will be: application security and Linux/Microsoft infrastructure defence.

- **Date of Event:** 8 October 2019
- **Location:** Barclays Rise NYC (43 W 23rd St, New York, NY)
- **Registration fee:** 500 USD per person
- **Deadline for registration:** 10 September 2019
- **Register here:** <http://bit.ly/2Kl5see>

## PURPOSE

Cyber Sieges' have one goal in mind: to provide real-life defence skills to your security teams with high proficiency in preventing successful cyberattacks. Siege provides a powerful opportunity for enterprise security teams to defend against real-world attacks coming through. Participating teams get firsthand security experience with complex threats in a real-life simulated environment. There's no substitute for real-world experience.

## HOW?

Participants have access to a real virtual private network containing a website or web application that they must protect from a variety of cyberattacks. During the siege, participants are armed with real-world defence techniques that can be applied to effectively prevent, detect and respond to cyber threats. As an added benefit, participants will hone their ability to effectively collaborate and communicate during a cyber attack with a diverse group of teams.

## AGENDA

8:00 Doors open  
9:00 Kickoff  
10-12 Siege Part 1  
12:15 Lunch
